

Parallel-chord bridge truss, 29 members

Untagged SVG geometry; drawing units are mm, N and MPa

Span: 12000 mm

Height: 2000 mm

Section: 40 x 20 mm

E: 200000 MPa

Load: 15000 N downward at each arrowed node

Supports: pin at the left base, roller at the right base

Planar pin-jointed truss; nodal loads only; small displacements; self-weight excluded.
